Subject: Uber in SC

To whom it may concern,

I have never used Uber personally, but I know many people, including close personal friends, who have. By telling Uber to cease and desist you are endangering many lives because people under the influence will start to drive themselves. They could crash and kill innocent people. Uber is legitimate and safe, and there is no reason to shut them down. Shutting Uber down will do only a lot of harm, and absolutely no good. Please change your mind.

Brooke Criddle

Subject: Business men need UBER

Stop the attacks on UBER, real people use them as a real solution. Don't fall prey to self-serving arguments from other transportation services. Competition drives improvement. You want to kick UBER out of SC, let the other transportation companies beat them with superior service, not hiding behind government involvement.

Section I – Executive Summary

• Mission and values:

The Public Service Commission of South Carolina (Commission or PSC) regulates the rates and services of investor-owned public utilities in the State of South Carolina and establishes just and reasonable standards for their rates and services.

The mission of the Public Service Commission of South Carolina is to serve the public by providing open and effective regulation and adjudication of the state's public utilities, through consistent administration of the law and regulatory process

Subject: Uber

I am a resident of South Carolina and not affiliated with Uber, nor the SC PSC.

I write to you today in regards to your recent decision to issue a cease and desist to Uber, regarding operations in South Carolina.

Uber, as a modern-day taxi service, is a light amongst an innovatively dead industry, that is regarded as being gross, dangerous, and unreliable. Unfortunately, lobbying and government interference is trying to stifle Uber, and companies like them. Please reconsider your decision/attempt to remove Uber from the State of South Carolina.

Thank you,
Mike

Subject: Uber in SC

Hello

I wanted to show my support of Uber and ask that it be allowed to operate in South Carolina. I have used the service many times and it has always provided me with a safe, cheap, and reliable ride. My friends and I have avoided risking drunk driving with this service. The local cab service doesn't have as reliable service so I feel that if Uber is no longer allowed to operate it will increase the chance of drunk driving. The consumer should be allowed to choose which service is better and if it out competes the cab service should either improve or go out of business.

Thank you for your time.

Kevin Sayles
